

ATREA s.r.o

**Atrea®**

Company ATREA have wide range of air handling units. At the moment Passive House certification have two unit lines: DUPLEX EC4 and DUPLEX Flexi. Passive house institute examined ATREA air handling unit selection software and approved that technical data calculated by the software are true.

At the moment we can declare that units DUPLEX MULTI and DUPLEX MULTI-N have started the process of certification in Germany. Air handling units are tested to obtain a certification VDI 6022 and PHI..
